

What is Ingens?

Ingens.com is an easy to use web site that gives you access to Alaska's public information in seconds.

Imagine a search tool that can query multiple databases at once, saving you both time and money! A search tool allowing you to connect relationships within public records in mere seconds, giving you the search results you need, when you need them. And all, right at your fingertips!

Who Uses Ingens?

- **Attorneys** - bankruptcies, court cases, DMV registrations
- **Title Representatives** - preliminary title searches with updated maps
- **Human Resources** - verify information on new employees
- **Tourism** - instant access to out of state visitors who have applied for hunting and fishing licenses
- **Realtors** - find potential clients near your open houses
- **Contractors** - search for older homes needing your services
- **Utility Providers** - locate new service requests

The uses are only limited by your imagination.

Power Search!

Ingens.com allows you the flexibility to search through a specific database, or query every database at one time. Our advanced PowerSearch capability simplifies the process of searching multiple databases. One quick and easy search can identify relationships within all public records.
