*Value through
integration and innovation*

Autodesk®

Autodesk is long-known as the pioneer in the world of computer-aided design (CAD). Their flagship product, AutoCAD software, is a fixture in design shops worldwide. With industry-leading 3D solutions for design, manufacturing, architecture, engineering, and construction, Autodesk stands as a world leader in 3D design, engineering, and entertainment software.

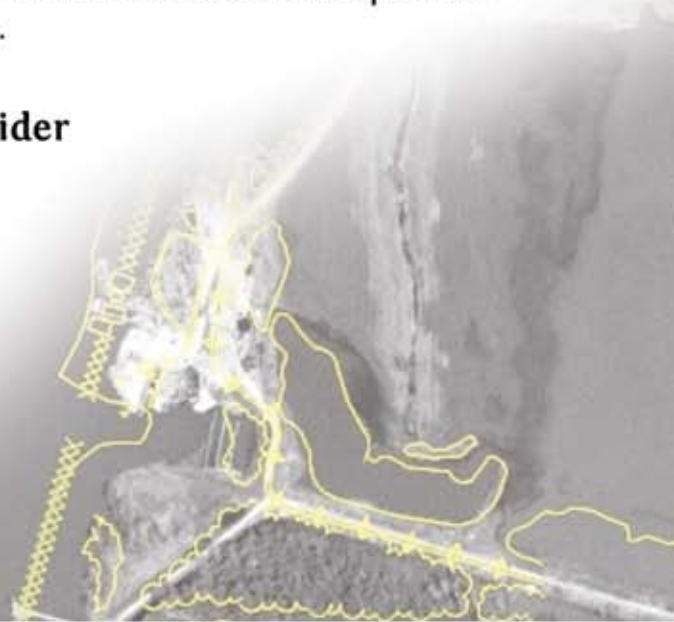

In addition to current services such as:

- Business Solutions
 - Custom Application Development
 - GIS
 - Web Design and Development
 - Mobile Applications
 - Staff Augmentation Services
 - Content Management Systems
- And our stand alone mapping products MapOptix and MapOptix Lite...

...GeoNorth is now the Autodesk reseller able to provide such an established product line to its government and native corporation clients.

**GeoNorth... a well rounded IT Solutions Provider
positioning itself for all of our clients needs.**

Ask about our teaming agreement with i-Cubed, now allowing GeoNorth to provide our clients with Imagery and Aerial Photography Services.
